Kavikulguru Institute of Technology and Science, Ramtek
8.0 (Till 8th sem)

Higher Secondary   2020
Samarth Jr. College of Art and Science, Ramtek
67.38%

🚀 PROJECTS

Design and Implementation of Student Result Management System (Jan 2023-May 2023)
Our python based system simplifies student record and exam result management. It efficiently stores, retrieves, and analyzes student data. "Our project features an intuitive and GUI for effortless navigation and interaction.

Skin Cancer Detection using Machine Learning Technique (Aug 2023- present)
This is a group project. In this we are developing an accurate and reliable skin cancer detection model using machine learning algorithm to aid in early diagnosis and improve patient outcomes. Enhance the model's performance by optimizing it's sensitivity and specificity to minimum false negatives and false positives, respectively, and ensure better patient care.

🏅 ACHIEVEMENTS & AWARDS
